

2023 Hyalofast Masterclass

June 5 - 6, 2023

ICLO

Via Torricelli 15/A,
37135, Verona

Meeting Overview

We are delighted to welcome you to the 2023 Hyalofast Masterclass in the beautiful city of Verona.

This is a 1.5-day course which offers a comprehensive overview of the one-step cartilage repair technique using Hyalofast with a focus on the arthroscopic approach. Both knee and ankle specimens will be available to work with.

Our experienced faculty will deliver a series of short lectures covering the fundamentals of cartilage repair surgery and will illustrate the practicalities via pre-recorded surgery, case study discussions and demonstration of techniques in the cadaver lab.

Delegates will have ample opportunity to perform the Hyalofast surgical procedure in the lab and to address the clinical challenges that may present by working with the faculty.

Course Chairman

Dr. B. Sadlik

Head of Biological Joint Reconstruction Department
ORTHOS Hospital
Wroclaw, PL
